LLM in Dispute Resolution with a concentration in Mediation

LLM in Legal Practice

PROFESSIONAL EXPERIENCE AND STATEMENT:

Aurenne grew up in the world of Real Estate under property developers and business minds. She commenced her legal career in the United Kingdom, and after her time overseas at prestigious international firms, she returned home to Southern California to continue her legal journey. As she worked in a Civil Litigation firm centered around jury trials, she gained invaluable experience and insights into the judicial system. As she was entrenched in advocacy, her natural inclination toward facilitation and creativity in resolutions eventually redirected her focus to Dispute Resolution.

She has now used her empathetic approach to mediate over 145 cases, handling a variety of matters with her highest success rate in Real Estate, Real Property, Landlord/Tenant, and Construction-related cases.

Aurenne continues to work as a Real Estate and Business Dispute Attorney, alongside her private mediation and arbitration practices, aligning her adeptness and temperament. In mediations, her evaluative side, fueled by legal expertise, integrates with her personable and worldly approach to lead parties to “outside-of-the-box” solutions, with an emphasis on the practical considerations.

After seeing what courts hold in store for litigated cases, Aurenne believes that mediations create space for the most effective outcomes since the parties, who know their dispute best, are in control of the process throughout.
